Re: ACT/015-007 - Brown Mountain Mine
ACT/015-008 - Eagle Mine- Emery County, Utah

Gentlemen:

Pursuant to the previously entered orders of
the Board on March 29, 1979 and April 26, 1979, the
undersigned as attorney for Adams Mining Company reports
the following:

Brown Mountain Mine - ACT/015/007

1. The continuing bond as required by Rule M5
is not available to Adams Mining Company and, therefore,
Adams Mining Company proposes that the bond requirement
be satisfied by Adams Mining Company of an initial deposit
in the amount of \$1,834.00 (being 25% of the bond amount)
together with the sum of \$500.00 per month in similar
certificates of deposit monthly until the total bond re-
quirement is satisfied. The certificates of deposit would
be obtained initially on the first day of June and monthly
thereafter until the bond requirement is satisfied.

2. The reclamation standards have been revised
and conferences have been held with members of the Division
relative to reduction of loss of vegetation and revegetation
procedures to be accomplished upon completion of mining
activities.

3. Submitted herewith is a map of the Brown
Mountain Mine in fulfillment of the requirements of Rule M3
of the Board.

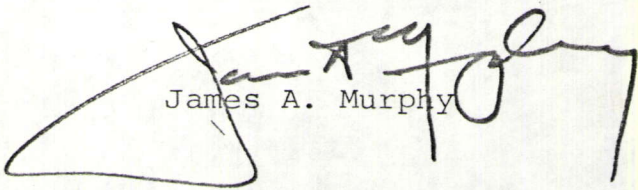

The Board of Oil, Gas and Mining

Eagle Mountain Mine -^{*}ACT/015/008

It is the desire of Adams Mining Company to withdraw its application for mining of the Eagle Mine and to limit its activities in relation to such mine to minimal exploration activities. Reason for withdrawal of this mine is that at the present time it is not in an economic status to be commercially mined and prior to any commercial mining activity substantial exploration must be conducted. Upon completion of exploration activities assuming that such mine is susceptible of commercial operation, a mining plan will be filed with the Board in accordance with its requirements. At the present time no mining activities are or have been conducted on the proposed Eagle Mine location.

Your consideration of these matters is appreciated.

Very truly yours,

James A. Murphy
